

Need Continuing Education?

The **South Central MIRECC** hosts
a *Bringing Science to Practice* web-based presentation

entitled

“Addiction Pharmacotherapy Update”

by

Eve J. Wiseman, M.D.

Dr. Wiseman has been clinical chief of the substance abuse treatment section at the Central Arkansas Veterans Healthcare System since 1992. She oversaw a successful transformation of the section from inpatient to totally outpatient and implemented targeted addiction pharmacotherapy within the section, including nicotine replacement, Zyban, naltrexone, acamprosate, and buprenorphine. Dr. Wiseman is also interested in substance abuse treatment of elderly patients and previously completed a geriatric psychiatry fellowship at UCLA.

5/18/06

12:00 PM (noon) – 1:00 PM CT

The PowerPoint presentation will be available **5/17/06** at

<http://vaww.visn16.med.va.gov/mirecc.htm>

VANTS #: 1-800-767-1750, access code 45566#

Learning objectives:

- 1. Participants will understand what new medications are available to treat substance use disorders.**
- 2. Participants will understand what old medications may be helpful to treat substance use disorders if used in new ways.**

The VA Employee Education System (EES) has accredited this program for 1.0 hour continuing educational credit for mental health practitioners, including psychiatrists, psychologists, social workers, counselors, and nurses.
